**D. ACTIVITY RISK CLASSIFICATIONS-**

I understand that: horseback riding is classified as RUGGED ADVENTURE RECREATIONAL ACTIVITY, and that there are numerous obvious and non-obvious inherent risks always present in such activity despite all safety precautions. According to NEISS (National Electronic Injury Surveillance Systems of United States Consumer Products) horse activities rank 64th among the activities of people relative to injuries that result in a stay at U.S. hospitals. Related injuries can be severe requiring more hospital days and resulting in more lasting residual effects than injuries on other activities. I/WE further understand that applicant/s may have mounted or ground lessons that may encounter one or more of the following but not limited to: woods, rough terrain, hills, water, jumps, traffic, wild animals, and other horses.

**E. NATURE OF STABLE HORSES-**

I understand that: INSTRUCTOR follows a rigid safety program. Yet, no horse is a completely safe horse. Horses are 5 to 10 times larger, 20 to 40 times more powerful, and 3 to 4 times faster than a human. If a rider falls from a horse to the ground it will generally be at a distance of from 3.5 to 5.5 feet, and the impact may result in injury to the rider. Horseback riding is the only sport where a much smaller, weaker predator animal (human) tries to impose its will on another much larger, stronger prey animal with a mind of its own (horse) and each has a limited understanding of each other. If a horse is frightened or provoked it may divert from its training and act according to its natural survival instincts which may include, but are not limited to: Stopping short; Changing directions or speed at will; Shifting its weight; Rearing; Bucking; Kicking; Biting; or Running from danger.

**J. Protective Headgear Offering**

I, for myself and on behalf of my child and/or legal ward, have been offered protective headgear (riding helmet) by Instructor or have provided for myself protective headgear. Student understands that the wearing of such headgear while mounting, riding, dismounting and otherwise being around horses, may prevent or reduce severity of some head injuries, and may even prevent death as the result of a fall or other occurrence. It is understood that Instructor provided headgear may not be of perfect fit for each Student head, and that once provided I/WE will be responsible for securing the helmet on Student head at all times. Minors **MUST** wear protective headgear. Adults mark an "X" below in the box before the statement which Student agrees to:
